## FOR THOSE WHO HATE THE NUCLEAR FAMILY

let's all try to do this thing right/you can depend on any drug product  
i don't want you two to get into any trouble /there's a right way to do a thing  
and there's a wrong way/i got something for you/ daddy won't you take us for a ride  
i don't think that's funny/do you realize how lucky you are having a beautiful home  
two wonderful children/now just concentrate for a minute  
i never thought i'd live to see the day when anything so gorgeous as you would belong to me  
signing this contract would be of mutual benefit to daddy/i don't want you to move  
that's why we tell you you can depend on any drug companies in the world  
isn't great to be home again/you know punctuality is the key note of success  
i could use a jar of wrinkle cream/we're happy and honored to be considered for the job  
i'm in enough trouble already

## FOR THOSE WHO HATE THE VOICE IN THEIR HEAD

*(pam/dale)*

for those who hate the voice in their head undercover in bed  
for those who never stray from their home let alone venture out on their own  
for those who break all their promises made feel ashamed when they fail  
for those who run away roll like a stone down the road tumble into their grave

## FOR THOSE WHO HATE THE WORLD

*(claude/deedee)*

symptomatic suicidal & cerebral migraine in my brain  
systematic suicidal & systemic symptoms in my brain

i'll stay for you  
even though i hate this world  
for you i'll dedicate my life to you  
even though this town is grey  
even if the world is blue  
even when the colors fade  
the days i'll spend them all with you  
the days i'll live them all with you  
even though i'd rather leave i'll stay  
even when the world is cruel i'll stay  
even if my head is spinning at the thought  
of being here just one more day  
for you i'll stay

## FOR THOSE WHO HATE WHEN THEY WAKE UP IN THE MORNING

(deedee/claude)

for those who hate when you wake up in the morning  
unable to relate unwilling to cooperate  
for who despise when they sire in the evening  
unable to mate incapable to fornicate  
for those who hate in the very middle of the day  
unable to socialize unauthorized to take a break  
for those who hate being early late  
for those who hate to be asleep awake  
if you despise being dead alive

## FOR THOSE WHO HATE FALLING TRAGICALLY MADLY IN LOVE

(claude/deedee)

for those who hate falling tragically madly in love  
for those who hate falling foolishly truly in love

stars & the moon  
vanish fade disappear  
sunrise in your eyes  
when you are near  
dawn break of day  
ravishingly appears  
seaside morningtide  
with you my dear  
for broken hearts  
tarnished maimed  
full of fear  
decline love divine  
year after year

calling all angels fallen from grace  
banish the earth of the whole human race

stars venus mars  
perish wane disappear  
sunrise in your eyes  
when you were near  
what have we done  
the mess we made  
burning under the sun

## FOR THOSE WHO HATE TO SHAVE & SHOWER FOR A DATE

(deedee/claude)

for those who hate to shave & shower for a date

for those who hate to chit & chatter on a date  
twist & twitch & twitter quiver quaver quake  
for those whose noses hooked in books are better off than  
coffee flirt dessert & handshake kiss or a dance

## FOR THOSE WHO HATE TO SING & WHISTLE TO A TUNE

(claude/deedee)

for those who hate to sing & whistle to a tune  
if music makes you cringe & rhythm makes you blue  
the shallow grave awaits  
but if you are bored & tired  
the doctor prescribes assisted suicide

for those who hate the tinge of a sentimental mood  
if your heartbeat stings your skin and kissing is for fools  
the sun & glare in your eyes  
the element of surprise  
laws require your instinct to survive

for those who hate a fling a lover or a groom  
if women burn & singe and children are just cruel  
the strand of dna  
the building blocks of life  
paper & scissors & rocks the noose a knife  
the criminal mind's a wire  
connected to a fuse  
how the mighty have fallen from their altitude

## FOR THOSE WHO HATE CARNAGE

(deedee/claude)

cinematic bodies floating down the river  
literary corpses bloating in the gutter  
ra muhammad brahma yahweh allah cronus jesus  
cain & abel set osiris romulus & remus  
epidemic plague pandemic pathogen influenza  
dresden nagasaki sodom & gomorrah  
cleansing decimation genocide extermination

## **FOR THOSE WHO HATE THIS ABSOLUTELY GORGEOUS DAY**

*(deedee)*

come celebrate this absolutely gorgeous day  
homosapiens naked flushed out of their cages  
primates on display men & women copulating  
beasts ablaze roasting in volcanic passion scintillate  
foam & salivate creatures itch & crave devour lure & bait  
hips gyrate leap & lunge in torrid thunder penetrate  
for those who hate this absolutely whorish day

## **FOR THOSE WHO HATE THEIR LIFE**

*(claude/deedee)*

you have no luck in life  
the gods won't grant it  
the gods won't grant it  
so much for praying  
the gods were made by madmen  
you have no chance in life  
don't even try it  
don't even try it  
so much for slaving  
the rules are made by madmen

you have no faith in life  
it dearly departed  
it dearly departed  
so much for paradise  
the world is hell & run by madmen  
for those who hate their life  
it's just getting started  
you're just getting started  
we're just getting started  
so much for good advice  
out of the mouths of madmen

## **FOR THOSE WHO HATE TO STARVE TO EAT**

*(deedee)*

too hot too cold too young too old  
too bronze too gold too soon too late  
too fat too short too tall too thin  
to lose to win too out too in

## **FOR THOSE WHOSE HEARTS ARE FILLED WITH HATE**

*(claude/deedee)*

i should have held you in my arms  
i could have kept you safe from harm  
but now my heart is filled with hate for losing you this way

i would have loved eternally  
i could have loved regretfully  
my heart is filled with hate for losing you this way

i roam the forest to be brave  
i storm the darkness through a cave  
but heaven has allowed a lad as cowardly as me
